Dear NSF Review Committee:

On behalf of MediArXiv, I am pleased to provide this letter of collaboration for the Center for Open Science's (COS) proposal to the National Science Foundation.

If the proposal submitted by Dr. Brian Nosek and Dr. Katie Corker entitled "Accelnet: Community of Open Scholarship Grassroots Networks" (COSGN) is selected for funding by NSF, it is my intent to collaborate and/or commit resources as detailed in the Project Description or the Facilities, Equipment or Other Resources Section of the proposal.

MediArXiv is a free, community-led digital archive for media, film, and communication research. We provide a non-profit platform for media, film, and communication scholars to upload their working papers, pre-prints, accepted manuscripts (post-prints), and published manuscripts. We are eager to collaborate and forge links with other like-minded organizations.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff Pooley', with a stylized, cursive script.
